### [Home Edits - Mirai](#)

At Mirai Solar, we believe that any need for shade should be taken as an opportunity to harness the energy of Sunlight. The Mirai Screen is a photovoltaic solar screen with variable shading and output power. A fraction of the light is absorbed in the module, generating electricity, while the remaining light is transmitted.

### Out of the lab: capitalizing on the world's need for shade

Their flagship product, the Mirai Screen, is a photovoltaic solar screen that offers variable shading while generating electricity, suitable for greenhouses, carparks, and mobile containers. Their ...
