

Solar Energy South Africa

Niger ascent solar technologies inc

Overview

Ascent Solar Technologies, Inc. is a (PV) company located in . Its primary product is a flexible on a plastic substrate.

Who is Ascent Solar Technologies?

Ascent Solar Technologies, Inc. is a publicly traded photovoltaic (PV) company located in Thornton, Colorado. Its primary product is a flexible CIGS solar cell on a plastic substrate.

Where are Ascent Solar panels manufactured?

Ascent Solar's panels are manufactured at its 5 MW nameplate production facility in Thornton, Colorado. Ascent Solar has cemented itself as the leader in the manufacturing of innovative, high performance, flexible thin-film solar panels for both existing and emerging agrivoltaic, space, and aerospace applications.

Where is Ascent Solar located?

Ascent Solar's Headquarters & Perovskite Manufacturing Center of Excellence are located in Thornton, Colorado.

Why did Ascent Solar acquire Flisom AG?

Ascent Solar's acquisition of Flisom AG's Zurich equipment establishes a new revenue stream, 300% more manufacturing capacity, and an international presence as European and Asian governments adopt legislation to increase solar energy production & domestic manufacturing capabilities.

When did Ascent Solar start production?

On March 11, 2009, Ascent Solar commenced regular production at their facility in Colorado. The company began with a one-shift production schedule. In September 2022, the company announced Jeffery Max as new CEO.

When is Ascent Solar Technologies closing?

Closing is targeted for early in the second quarter, subject to customary closing conditions. About Ascent Solar Technologies, Inc.
