Portable Power Station

Introducing our cutting-edge 5kW solar system with 5kWh lithium-ion battery storage, designed to revolutionize your energy independence. This comprehensive system features high-efficiency solar panels, a sturdy mounting structure, an advanced charge controller, and a state-of-the-art inverter, all seamlessly integrated with our high-capacity lithium-ion battery storage solution.

Solar Home Systems

With our fantastic systems, you'll never have to worry about high energy bills again. Get a Solar Home System today! Below are our pre-configured systems. 3KW Solar Home Systems (click for more) 5KW Solar Home Systems (click for more) 10KW Solar Home Systems (click for more) We can also design a bespoke system unique for your home.

Faqs

Frequently Asked Questions (FAQs) Contact Us 1. "Solar panels are too expensive." "While the upfront cost may seem high, it's important to consider the long-term savings on your electricity bills. With financing options available, such as solar loans or leases, you can spread out the cost over time and start saving immediately." 2. "I'm not
