## Overview

---

Will Navitas develop a next-generation lithium ion 6T battery?

Navitas Systems has been awarded a contract to develop a next-generation lithium ion 6T battery system for use in military applications. Awarded by Alion Science and Technology, the \$1.55m contract requires the company to develop a second-generation Ultranium Military 6T battery for ground combat vehicle applications.

Does Navitas Systems offer any warranty?

Performance may vary depending on use conditions and application. Navitas Systems makes no warranty explicit or implied with this documentation. Copyright 2021 Navitas Systems, LLC.

How many amps does Navitas have?

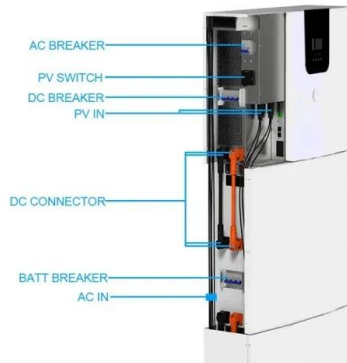

In sizes from 550 to 1050 lithium amp hours. Navitas participates in multi-billion dollar markets including the government/defense industry and the forklift industry. The growth in these markets - from over \$11B today to \$55B in 2022--assures our company and its associates an expanding set of opportunities to serve customers well into the future.

Does ACP have a contract with Navitas Systems?

St. Clair Shores, MI (March 31, 2022) — ACP Technologies LLC, a U.S. producer of high-performance, synthetic graphite for batteries, today announced it has entered into an agreement with Navitas Systems, a U.S. leader in comprehensive energy storage solutions and a U.S. Department of Defense (DoD) contractor. According to the contract,

### Custom Golf Cart Build with Navitas and Eco Battery

Starting off with a 2021 Club Car Tempo, building it with a Navitas 600A / 4kW AC conversion and Eco Battery 105 AH lithium battery. To start I stripped down the golf cart and pressure washed everything clean. If you want a guide on how to take it apart go here: [Club Car Tempo Teardown Guide](#)

### Most Popular

Added Samer ElShafei, Navitas Systems Co-Founder, "Customers have a diverse range of needs, and so Navitas Systems is organized to create the ideal combination of batteries, power management, packaging, and comprehensive software needed to harmonize the entire system safely into demanding applications like renewable power systems, motive

### East Penn Expands Innovation Investment by Acquiring

Navitas Systems is a global leader in larger-format lithium battery technology and systems for heavy-duty commercial/industrial as well as government/defense market segments. The acquisition will accelerate East Penn's expansion of its Motive Power battery offering, as well as its strategic integration into other market segments.

### Navitas Systems Forges

## Unique Offering in Lithium-Ion Battery

Navitas' Starlifter™ comprises a series of deep cycle lithium battery systems spanning multiple voltages from 36 up to 80 volts, as well as a spanning a range of kilowatt hour capacities from 10kWh to 30kWh. Starlifter lithium battery systems hold a number of advantages over similarly-sized lead acid battery packs.
