Architecture and control algorithms for combating partial shading ...

Yanzhi Wang, Xue Lin, Younghyun Kim, Naehyuck Chang, Massoud Pedram. Research output: Contribution to journal > Article > peer-review. 54 Scopus citations. T1 - Architecture and ...

Static and Dynamic Response Analysis of Flexible ...

Xie Dan, Wang Zeguo, and their respective teams used finite element software to study the natural vibration characteristics and wind-induced response of single-layer cable-supported flexible PV support structures. They ...

Under three typical working conditions, the maximum stress of the PV bracket was 103.93 MPa, and the safety factor was 2.98, which met the strength requirements; the hinge joint of 2 rows of PV brackets had large deformation, ...

Structure design and analysis of integrated ...

Solar energy independent power supply is one of the important ways to solve the power supply problem of long-term field observation activities

in the Antarctic region. According to the specific environment of polar region, a mobile ...

Reconfiguring the band-edge states of photovoltaic perovskites ...

The band edges of metal-halide perovskites with a general chemical structure of ABX_3 (A, usually a monovalent organic cation; B, a divalent cation; and X, a halide anion) are constructed ...
