Eurowind Energy invests EUR400M in Portugal

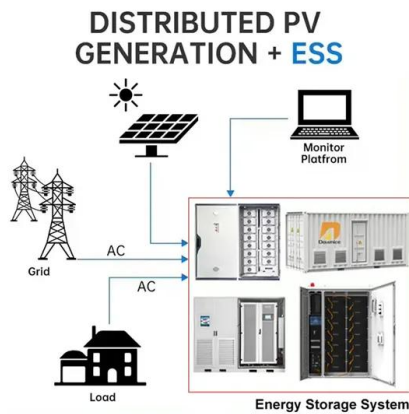

The Danish multinational Eurowind Energy, which launched its second solar power park on Tuesday, is to invest around EUR400 million in the country by the end of the decade. The company is to build small production solar parks in Covilhã, Castelo Branco, Mafra, Vouzela and Braganza, with a total installed wattage of 50 megawatts, reports Negócios.

Sustainability, synonymous with future and savings

Ensuring the future and continuous savings is essential. Nowadays, it's hard not to notice a photovoltaic panel or a solar water heating system on a neighbour's roof. Often, when we ponder the costs involved, we end up feeling intimidated and give up, continuing to pay for the electricity supplied by the grid, thus increasing our carbon
