Power Plant Energy Storage Cabinet Tender Announcement

Overview

What percentage of power plants are battery energy storage projects?

Battery energy storage projects accounted for 10.9% of the total awarded capacity, followed by 2.6 GW of gas-fired power plants and 1.4 GW of nuclear capacity. About four-fifths of the capacity procured in the auction across 269 capacity market units (CMU) was from existing power assets, the auction results showed.

How many MW of battery energy storage systems were awarded in 2024/25?

Battery energy storage systems (BESS) were awarded 655.16MW in the UK's T-1 Capacity Market Auction for delivery year 2024/25.

How many capacity agreements does RWE Generation UK have for 2026/27?

RWE Generation UK has secured Agreements for all of the sites that were entered into the auction which means RWE has 6,638MW of capacity agreements for the 2026/27 delivery year. The UK Capacity Market remains an important part of the UK energy market design and has provided stability for our generation business over the past decade.

What is Highview Power aiming to do in 2035?

Highview Power aims to accelerate the roll-out of its larger facilities across the UK by 2035 in line with one of National Grid's target scenario forecasts of a 2 GW requirement from LAES, which would represent nearly 20% of the UK's long duration energy storage needs.

How many MW of CMU will come from existing power assets?

About four-fifths of the capacity procured in the auction across 269 capacity market units (CMU) was from existing power assets, the auction results showed. Battery storage projects won 74 contracts, and most of that will come from newly built projects. Only 60 MW of the 627 MW of awarded capacity will come from existing generating CMU.

What is the long duration energy storage Investment Support Scheme?

Long Duration Electricity Storage investment support scheme will boost investor confidence and unlock billions in funding for vital projects. The UK is a step closer to energy independence as the government launches a new scheme to help build energy storage infrastructure.
