

Solar Energy South Africa

Projet bess Timor-Leste

Overview

What is Timor-Leste project?

3-2-2 Technical Cooperation / Cooperation with Other Donors Technical training for “Timor-Leste” is planned for improvement of technologies concerning solar power generation, and long-term utilization of the solar power generation system to be procured through the Project is expected.

Who is responsible for implementing a Timor-Leste project?

(1) Implementation System The competent authority of this Project is the Secretary of State for Energy Policy of “Timor-Leste”, and the executive agency is the Ministry of Education. Note that the Ministry of Finance takes charge of actions for tax exemption etc. in cooperation with the Secretary of State for Energy Policy.

What is Timor-Leste's energy policy?

The government of “Timor-Leste” is also trying to shift its policy to the introduction of clean energy, such as hydraulic, wind, and solar power generation. However, the most of its national budget for the electric power sector are spent on fuel import and electricity charges, so it is difficult to realize its policy.

Who bids for solar IPP project in Timor-Leste?

For Timor-Leste, bidders are typically from legacy countries such as Indonesia, Portugal and People’s Republic of China. For the Solar IPP project, Government of Timor-Leste represented by the Ministry of Finance has provided backstop guarantee for EDTL obligations under the Implementation Agreement.

Why is the EU important for Development Cooperation in Timor-Leste?

The EU is the largest development cooperation donor in the world, thus an active player in the development field. In Timor-Leste, the EU priority areas for cooperation 2021-2027 are: green and sustainable economic recovery and

development, and good governance for sustainable development.

Does Timor-Leste provide backstop guarantee for EDTL obligations?

For the Solar IPP project, Government of Timor-Leste represented by the Ministry of Finance has provided backstop guarantee for EDTL obligations under the Implementation Agreement. Special Investment Agreement, if concluded could allow the winning bidder a leasing of the Site at a concessional rate and other benefits.
