

## Solar Energy South Africa

# Redpay solar Benin

## Overview

---

How will a European Investment Bank loan help Benin?

The European Investment Bank has agreed to provide a EUR 10 million loan to support the deployment of 107,000 high-quality solar home systems to Benin. This will open up access to clean energy for 643,000 people. The solar home systems include solar panels and battery storage to be sold on Pay-As-You-Go (PAYGO) contracts.

Why should you use redpay in Africa?

Redpay empowers businesses in Africa to effortlessly manage payments, ensuring you get paid securely from across the globe. Your customers deserve convenience, and our diverse payment methods ensure they can shop, pay, and transact in the way that suits them best.

Will EIB support Engie to deploy off-grid solar power in Benin?

The new Benin cooperation follows EIB's previous support for ENGIE to deploy off-grid solar power in Uganda. Benin is the sixth African country to benefit from the EIB's streamlined support for African off-grid energy investment, following recent backing for projects in Mozambique, Uganda, Chad, the Democratic Republic of Congo and the Comoros.
