230|400V

Overview

What are SAFT Batteries used for?

Whether it be for aerospace or transportation, telecom & networks or oil & gas, health or energy utilities, Saft batteries are used for numerous applications and on all continents. From the Arctic Circle to the Sahara Desert, or within NASA and European Space Agency vessels, we provide state-of-the-art batteries and battery systems.

Are SAFT Batteries safe?

For over 100 years, Saft's longer-lasting batteries and systems have provided critical safety applications, back-up power and propulsion for our customers. As a leading battery company, Saft's innovative, safe, and reliable technology delivers high performance on land, at sea, in the air, and in space.

What is Saft doing in India as of September 2020?

Saft launched the Saft Urja brand in India on 09/09/2020 with the introduction of its Compact nickel batteries. These batteries are designed to streamline footprint and maintenance budgets for industrial sites.

Can SAFT Batteries Power BumbleBee sensors in ATEX environment?

Saft batteries can power BumbleBee sensors, a wireless monitoring IoT solution for optimizing pressure and temperature in hazardous environments (ATEX). [Read More \(Add relevant links here\)](#)".

Saft battery Guyana

Renewables & Microgrids , Saft , Batteries to energize ...

We provide turnkey solutions up to hundreds of MW's that integrate a Saft lithium-ion battery system with power-conversion devices as well as power control and energy-management functions. Saft's lithium-ion energy storage systems ...

Mobilité, les systèmes de batteries sur mesure , Saft , Batteries to

Mobilité, les systèmes de batteries sur mesure. Saft, la technologie de référence pour la mobilité de demain. De la chimie aux systèmes, en passant par l'électronique, Saft conçoit et fabrique des systèmes batteries Li-ion sur mesure. Que vous soyez équipementiers ou intégrateurs de véhicules, les solutions complètes et

Intensium® Energy Storage Systems , Saft , Batteries to energize ...

Saft has been manufacturing batteries for more than a century and is a pioneer in lithium-ion technology with over 10 years of field experience in grid-connected energy storage systems. Customers turn to us for advanced, high-end ESS solutions for demanding applications. Our focus on safety, reliability, performance and long life in even the

Off-Grid , nickel battery , Saft , Batteries to energize the world

Saft's nickel battery product ranges deliver highly reliable and efficient energy storage in off-grid schemes, from the point of production through transmission and distribution to consumption, and is ideal for Sub Saharan African and emerging economies across Asia, where much of this demand will come from.. Storing renewable energy with Saft's off-grid Ni-Cd battery solutions

Rail battery systems , Saft , Batteries to energize the world

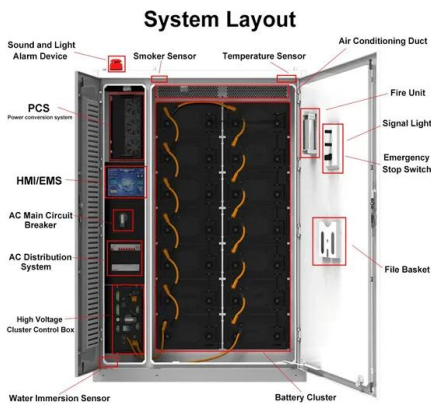

Saft's takes overall responsibility for the design, manufacture and supply of the entire battery power system, simplifying battery integration. The system is supplied complete, factory-tested and ready to fit - including rafts, trays, access mechanisms, water filling systems, isolators, fuses, connectors and battery management control (BMC)

KPL KPM KPH Ni-Cd batteries , Saft , Batteries to ...

KPL, KPM, KPH vented pocket plate nickel batteries are IEC 60623 and IS 10918 certified and available in translucent polypropylene cases. Technical Specifications. Saft Urja - KPL - Long rate performance. 11 Ah - 1550 Ah. ...

Block battery : SBLE, SBM, SBH , Saft , Batterien designed für die

Saft batteries play vital supporting role at the Sydney Opera House Download (English) Saft batteries provide backup power for critical oil exploration systems in the Caspian Sea Download (English) Inquire Now. To ensure we can respond as efficiently as possible. Please complete this form which will be delivered to our team of experts who will

Resilient power solutions for microgrids , Saft , Batteries to

...

Saft's new Intensium-Shift battery storage system: 30% more energy, lower footprint, maximizing renewable integration . 30/08/2022. Saft powers the transition of small Italian islands to renewable energy . 11/05/2022. Saft energy storage system will smooth grid integration for Côte d'Ivoire's first solar plant .

Aviation , Saft , Batteries to energize the world

At Saft, we produce over 400 different battery designs to suit virtually every requirement, each optimized for energy and power, guaranteeing integration with the electrical architecture of all fixed-wing and helicopter aircraft - even drones.

Sizing , Saft , Batteries to energize the world

"During a bid process we have asked Saft to conduct a sizing study. The sizing enabled us to provide a technical proposal that would optimally serve the interests of our customer, in regard to the size of the battery system ensuring service

availability, battery life and, of course, the installation's TCO."

KPL KPM KPH Ni-Cd batteries , Saft , Batteries to energize the

...

KPL, KPM, KPH vented pocket plate nickel batteries are IEC 60623 and IS 10918 certified and available in translucent polypropylene cases. Technical Specifications. Saft Urja - KPL - Long rate performance. 11 Ah - 1550 Ah. KPL has the thickest plate and is designed for applications where the battery must provide: Reliable energy over long

Xcelion 6T® , Saft , Batteries to energize the world

The Saft Xcelion 6T® is a 24V rechargeable Li-ion battery system designed as a drop-in replacement for traditional lead-acid 6T batteries in military ground vehicles. It provides the power equivalent to two lead-acid batteries at 25% of ...

Seanergy 2.0 , Saft , Batteries to energize the world

The new Seanergy 2.0 battery is built using Saft's proven lithium-ion technology for a compact, maintenance-free solution in a modular design, allowing the battery system to be

adapted to each user profile. The new design optimizes the system volume, simplifying retrofit for existing vessels. Built with safety at the cornerstone, Seanergy 2.0

Certifications , Saft , Batteries to energize the world

Home > About Us > Manufacturing batteries at Saft > Certifications. Certifications. Saft is committed to reducing the environmental impact of all our manufacturing processes. Our major sites meet ISO 14001 certification standards and we constantly monitor the impact of our operations on the environment. Below is a list of all our site

[Saft Batteries](#)

Saft offers unrivalled expertise in designing and manufacturing long-lasting batteries and systems for industrial applications. Saft's vast range of primary and rechargeable lithium batteries cover applications requiring high temperature ...

Telecom , nickel battery , Saft , Batteries to energize the world

Saft provides backup Ni-Cd battery solutions for telecom equipment and network. Saft nickel batteries for telecom equipment suppliers and network operators ensure total continuity of customer service. Wireless or wireline installations, indoor or outdoor, on-grid or off-

grid, Saft's portfolio of advanced, specialized battery solutions meet telecom energy needs in very hot or ...

[IoT Smart Tools , Saft4U](#)

Are you an IoT entrepreneur or designer, looking for the best battery options to match your use case and support your project? Whether you are at the beginning or at an advanced stage of your smart device conception, our tools will help you find the right battery for your project. If you are at an early stage of your project, the Smart Selector can help you --in just 7 steps-- discover ...

Customized battery solutions , Saft , Batteries to energize the

...

Customized battery solutions. Saft is designing and manufacturing any tailor-made Li-ion battery, from chemistry to systems, including electronics. For customers designing their own electric powertrains or completing vehicles for a specific application, Saft provides a complete and fully-integrated battery solution to reply to specific needs.

4s1p VES16 battery , Saft , Batteries to energize the world

The battery is based on VES16 space cells designed for LEO applications. This battery is

Compact nickel battery , Saft , Batteries to energize ...

Features & Benefits. The Compact maintenance-free nickel batteries are designed to support essential control systems and other critical equipment in remote and hard-to-access locations in offshore oil and gas, utility, ...

sized for low power needs, such as microsats and nanosats, and can be used as a building block and assembled in serial and parallel for higher energy requirements. Saft Groupe SAS Communications Department 26, quai Charles Pasqua 92300 Levallois-Perret

ESS

VL51ES battery , Saft , Batteries to energize the world

Saft solution for high power space applications based on Saft VL51ES Li-ion cell. Specifically designed for GEO and MEO applications. Battery specific energy superior to 130Wh/kg. Adaptable configuration from 2p to 12p and from 6s to 36s. Reliability and safety. PR architecture, up to 100V bus; Technical Specifications. Optional by-pass

You can also ask for restriction of the data, portability of the data and/or make a claim to the CNIL (the French data protection agency). For any request please send it to GDPR@saft or to the following address: Saft Groupe SAS Communications Department 26, quai Charles Pasqua 92300 Levallois-Perret - France Find out more

LO, G , Saft , Batteries to energize the world

LO, G. The Saft LO/G cylindrical primary lithium cells are based on Lithium-Sulphur dioxide (Li-SO₂) chemistry and feature very high surface area spiral electrodes with high power and maximum current pulse capability. They are designed for applications using continuous currents in the 0.1-5 A range, with superimposed pulses as high as 60 A.

Data Centers , Saft , Batteries to energize the world

Powerful lithium-ion batteries for immediate backup . Saft cutting-edge li-ion battery solutions deliver an immediate independent power source

in the event of an outage to ensure the continuity of the UPS protecting high-value, mission-critical data. Our range of advanced and powerful lithium-ion batteries can instantly crank up an emergency generator engine, offer high ...

Seanergy 2.0 , Saft , Batteries to energize the world

The new Seanergy 2.0 battery is built using Saft's proven lithium-ion technology for a compact, maintenance-free solution in a modular design, allowing the battery system to be adapted to each user profile.
