SDG& E true-up. I think I understand how that'll work : r/solar

Discussion of solar photovoltaic systems, modules, the solar energy business, solar power production, utility-scale, commercial rooftop, residential, off-grid systems and more. Solar photovoltaic technology is one of the great developments of the modern age. Improvements to design and cost reductions continue to take place.

General Solar Questions & Answers

rooftop solar? A: Yes. We're committed to local solar power generation systems and incorporating them into the grid in a way that both maintains system reliability and is cost efficient. SM San Diego has one of the highest adoption rates of customer-side solar panel installations in the country. Q: What's SDG& E doing to support solar?

Solar Cost Calculator , San Diego Gas & Electric

Solar calculations are a great way to begin exploring solar options. These calculators provide estimated costs and savings, and payback period estimates, by analyzing your current electricity bills, rooftop and solar pricing in your area. Calculate your costs. Get personalized solar savings estimations, powered by Google Earth.

My SDG& E NEM true up bill is still a negative balance?

This month is my first "NEM true up" month with SDG& E - I have solar panels. I have only been in this home for about a year so this is all new to me; forgive me if this is a really dumb question. My true up bill is -\$100, thus my account still has a credit. I have not paid for electric/gas other than when I first moved in and set everything up
