Solar panels and battery prices in Montenegro

Overview

How much solar power does Montenegro have?

Montenegro had installed solar power capacity of just 6 MW at the end of 2020. The country's solar power capacity is significantly smaller than the electrical power demand, which is currently met by the 225 MW Pljevlja thermal power plant in the north of Montenegro and two large hydropower plants, at Perućica (307 MW) and Piva (363 MW).

Is Montenegro a good place to buy a lithium battery?

Additionally, Montenegro has a convenient infrastructure for export and a favorable geographical location. We conducted an analysis of the lithium battery market in the region and concluded that demand for our product will be high.

Why should you choose Montenegro?

One of the main advantages of our project is the location of production. Montenegro is situated in the center of the Balkan Peninsula, which allows for quick delivery of products to various countries in Europe. Additionally, Montenegro has a convenient infrastructure for export and a favorable geographical location.
