Why Grenada had to nationalise its electricity for \$60m to ...

As solar power costs dropped, rooftop panels could have been a cheap and clean alternative for Grenadians. But they had to get a licence from Grenlec and sell any excess electricity to them, or face up to six months in prison. They ordered Grenada to pay the company \$58m plus costs - nearly a tenth of the country's \$786m projected 2020
