# Solar panels inverters and batteries São Tomé and Príncipe

## Overview

---

Where can I install solar panels in São Tomé?

São Tomé is an ideal location for solar energy. Solar panels can be installed in existing buildings or in stand alone 20 foot containers with the help of Offgridinstaller, who can supply and fit any size of solar system with high quality lithium ion battery storage which can generate and power year round storage.

What is the population of Sao Tome and Principe?

The famous volcanic plug 'Pico Cao Grande' is 663 m high and popular with tourists. The main island, Sao Tome, has most of the 200,000 population, while Principe has only 8,000 people. The islands total 1,000 km<sup>2</sup>.

How long does it take to build a photovoltaic plant in so Tomé?

The first phase of the project will see the installation of photovoltaic plants at the country's national airport in São Tomé, as well as on the island of Príncipe. Cleanwatts vice chairman and co-founder Basilio Simoes said the two airport projects would take less than three months (for the smaller plant) and up to two years to build.

Why are solar panels coming to so Tomé?

Abreu noted that "the panels and other equipment have arrived in the Port of Ana Chaves in São Tomé, following delays and uncertainties due to a shortage of maritime transport." According to World Bank data, 76.6% of the population of São Tomé and Príncipe have access to electricity, generated primarily through imported diesel (92%).
