

## Solar Energy South Africa

# Solar power generation projects in the United States

## Overview

---

One of the first applications of concentrated solar was the 6 horsepower (4.5 kW) solar powered motor made by H.E. Willsie and John Boyle in 1904. An early solar pioneer of the 19th and 20th century, , built a demonstration plant that used solar power to pump water using an array of mirrors in a trough to generate steam. Located in Philadelphia, the solar wate.

## Solar power generation projects in the United States

### Electricity generation, capacity, and sales in the United States

Solar energy's share of total U.S. utility-scale electricity generation in 2023 was about 3.9%, up from less than 0.1% in 1990. In addition, EIA estimates that at the end of 2023, the United ...
