8 Best Practices of Wholesale Solar Equipment Resellers

Types of Wholesale Solar Equipment Resellers . Before we get into best practices, let's cover two main types of resellers. General Reseller. A reseller sets up a sales channel to resell product acquired at a low bid and then adds a mark-up to the resale price. The reseller buys product from manufacturers, suppliers, contractors, or other solar

Solar Equipment Resellers: Are they worthy of your business

In today's global economy, resellers are active in every industry, including solar. Resellers are a critical part of closing the gap in the circular economy for excess products and project leftovers, liquidations, surplus, clearance, and refurbished goods. Resellers remarket these goods for sale in the secondary solar market.
