Solarlab a s Tajikistan

Overview

What is the largest solar power plant in Tajikistan?

Dushanbe, Tajikistan, November 12, 2020 – The U.S. Agency for International Development (USAID) representatives participated in an inaugural ceremony for the new 220-kilowatt Murghob solar power plant, which will be the largest solar power plant in Tajikistan and the highest solar power plant, by elevation, in the world.

Why did USAID support the installation of solar plant in Murghob?

At request of the Tajik Ministry of Energy and Water Resources, USAID supported the installation of the solar plant in Murghob to complement the nearby 1.5 megawatt 'Tajikistan' (formerly Aksu) hydropower plant and add additional clean, renewable energy to the local grid.

Installing Solar Panels on the World's Rooftop

Arriving in the Murghab district of Tajikistan's Pamir region feels like one may have landed on the far side of the moon. The Pamir Mountains are among the highest in the world, and home to remote villages and communities living above 3,600 meters/11,800 feet. The area is dry, arid, and bitterly cold. Temperatures between

November and March regularly plummet to -50 degrees ...

USAID Supports Installation of Largest Solar Power Plant in Tajikistan
