South Africa home battery backup

Overview

zhyphen.com Why do you need a power backup system in South Africa?

Load shedding in South Africa has become a reality and it's imperative to keep your life functioning during these times. Having a power backup solution means that you can continue to work and play during these times when most South Africans feel frustrated. We supply power backup systems that are portable or fully integrated into your DB board.

What is a home backup battery?

A home backup battery provides a safety net when you need to protect your family against a power loss. It delivers clean power, unlike a home standby generator that relies on fossil fuels. With battery backup solutions, you get energy security and peace of mind.

What is battery backup power?

Battery backup power provides temporary power during load shedding or an unplanned electrical outage. It can be used in homes, offices, and other buildings to keep essential equipment operating when the main power supply from Eskom is cut off.

Do you need a backup battery for your home?

A backup battery solution for your home is one of the most efficient ways to keep the lights on when a blackout comes. A home backup battery provides a safety net when you need to protect your family against a power loss. It delivers clean power, unlike a home standby generator that relies on fossil fuels.

Can a battery backup system power a TV?

Standard battery backup systems are able to power your TV, computer and a couple of lights – if your battery backup system is not adequate you will be able to add more power onto the unit to increase the power. Read more about

how power backup systems and insurance are related here.

Should you buy a battery backup system at Eskom?

Battery backup could be the answer. A quality battery backup system will allow your home to keep running during load shedding, ensuring that all essential appliances stay on no matter what happens at Eskom. But before you buy one of these backup power solutions, there are a few things to know.
