South Sudan cisco energy

Overview

How can CreI provide energy as a service in South Sudan?

This financing will enable CREI to provide “energy as a service” to a telecom stakeholder in South Sudan by developing, building, operating, and maintaining energy assets. The Finnish development financier and impact investor, Finnfund, signed a US\$ 5 million mezzanine loan to finance the project.

Why is South Sudan facing a serious energy crisis?

South Sudan faces a serious energy crisis due to a number of factors, including devastating conflicts (e.g. 1955-1972, 1983-2005 & 2013-present) and reliance on the fossil fuel source. The country has the lowest energy consumption rate in Africa and the highest cost of producing energy (World Bank, 2016).

Why is energy infrastructure underdeveloped in South Sudan?

Partly due to the civil wars (e.g., 1955-1972, 1983-2005 & 2013-present), energy infrastructure remains very underdeveloped in South Sudan. Despite a peace agreement in 2015, which has been revitalized recently, conflict has impeded the country’s effort in transitioning to renewable energy.

How does lack of electricity affect business in South Sudan?

Specifically, over 75% of firms surveyed in South Sudan complained that lack of energy hinders business operation. Second, lack of electricity drives up costs as businesses and families try to produce their own power, which is extremely expensive.

Is biomass a source of electricity in South Sudan?

Traditional biomass – the burning of charcoal, crop waste, and other organic matter – is not included. This can be an important source in lower-income settings. South Sudan: How much of the country’s electricity comes from

nuclear power?

Nuclear power – alongside renewables – is a low-carbon source of electricity.

How will South Sudan develop?

Development of South Sudan will start from the households, particularly if their productive capacity is enhanced through electricity and other modern forms of power. We found from the surveys that households prioritize basic energy needs.
