Empowerment Through Offgrid Specialized Solar Systems - ...

The installation of solar power plants on military bases minimizes the vulnerability of personnel, facilities, materiel, operations and activities from threats and hazards resulting in the preservation of freedom of action and operational effectiveness thereby contributing to mission success.

Financing your Solar System , Specialized Solar Systems

I had Specialized Solar Systems install a hybrid solar and battery backup system, and I couldn't be happier with the result. They set up a Victron 5kVA x 2 system, paired with 3 x 5400kWh batteries and 2 MPPTs to support two banks of solar panels. The team was professional, accommodating, and truly went above and beyond throughout the entire

Associated Partners Archives , Specialized Solar Systems

Specialized Solar Systems installed my home solar system (inverter, battery, solar panels) with the utmost of professionalism and technical competence right from sales to the installation staff. A very happy customer. Thank you. Perhaps an area of improvement could be more effective internal communication between sales and the installation team.

Best Soaps For Cleaning Solar Panels: Top Products To Consider

Avoid using harsh chemicals or abrasives that can scratch or corrode the surface of the panels. A mild dish soap or a specialized solar panel cleaning solution can be used. Mix the Soap Solution - Mix the soap with warm water in a bucket or spray bottle. The ratio of soap to water should be about 1:10. Be sure to mix the solution thoroughly.
