

Solar Energy South Africa

Sudan enercon group

Overview

Where is Enercon group located?

Tel: +26622320188, Address: 1st Floor, Right Wing, CCL Building, Constitution Road, Maseru. Enercon Group is an engineering company whose purpose is to offer comprehensive and high quality engineering solutions.

How has Enercon improved our sustainability reporting?

Since the publication of our inaugural 2019 sustainability report, ENERCON has improved how we measure and report our performance across our global operations. We seek to augment the scope of our reporting in the midterm, as the reor-ganization of the company progresses.

How many countries does Enercon work in?

ENERCON has a global presence, with turbines in more than 50 countries, supported by 45 sales offices and over 350 service centers. More than 14,000 employees work in nearly 50 countries in research and development, production, sales, project, logistics, installation management as well as service and maintenance of wind turbines.

Who owns Enercon?

Together, we will continue to adapt, innovate, improve, and to contribute to global sustainability everywhere for everyone. ENERCON is privately held and wholly owned by the Aloys Wobben Stiftung (Trust).

How can Enercon help your oil business?

Whether you are a major oil company, ship owner / operator, oil trader or a small business owner, finding the expert services you need is essential to meeting your business objectives. At Enercon Group, Inc. we have the knowledge and expertise to assist you in achieving a favorable bottom line and increased operational efficiencies.

What makes Enercon a great wind turbine manufacturer?

ENERCON was the first wind turbine manufacturer to rely on a gearless drive concept. The direct-drive synchronous generator and the innovative and modular full converter concept allow our wind turbines to be adapted to grid conditions all over the world.

[M9516 Power Distribution Unit for UAVs](#)

M9516 is an 8-channel VME form factor power distribution unit, designed for airborne and ground applications. This power management solution distributes 28VDC (current is up to 200A) through overload and short-circuit protected switches. The M9538 supports CAN and RS-485 communication to control and configure the device. Complies with MIL-STD-1275, MIL-STD ...

[ABOUT US o EnerconGroup](#)

Enercon has got its own warehouse with stock spare parts for immediate response and resolution of any issue. Furthermore, the technical support department can solve any issue at any time. +30 231 002 3223; info@enercongroup.gr; Monastiriou Str 137, Thessaloniki, Greece; C??ACT HOURS: Monday to Friday 9am - 5pm; MENU.

[Tanker Operations](#)

Founded in 1980, Enercon Group, Inc. provides the petroleum and maritime industries with a full range of consulting, technical and training services around the world. Whether you are a major oil company, ship owner / operator or a small business owner, finding the expert services you need is essential to meeting your business objectives. At Enercon Group, Inc. we have the knowledge ...

M4012 DC-DC VPX Power Supply with Hold-Up

The M4012 is a rugged, highly efficient, military grade 3U VPX 28V DC to DC PSU card that provides six outputs per VITA 62 and is capable of delivering up to 350W of output power with 9-15 Joules of holdup for MIL-HDBK-704-8, LDC201 requirements. Features include: conduction cooling, reverse battery protection, internal EMI filters. The DC input range is 18-50V per MIL ...

[M7525 Series DC-DC Power Supplies](#)

The M7525 DC/DC power supply is a Single Output, high density, highly efficient military grade rugged DC to DC converter capable of delivering up to 800W output power. Features include; High efficiency, low noise, internal EMI filters and can support parallel operation for higher power applications. The DC input range is 18V - 48VDC.

[Techaya Contact Us](#)

Enercon Technologies Ltd is a leading designer and manufacturer of military power, PDU and rugged networking solutions for a wide variety of military applications, including avionics, UAV's, aircraft, C4ISR, electronic warfare, ground vehicles, radar arrays, missiles and anti-missile defense, surface ships, submarines and more. We offer Mil-Grade power supplies, power ...

Rugged Double-Conversion 1U Rack Mounted Modular UPS

M1012 is a military grade rugged 1.25kW/1.5kVA full double conversion on-line 1U UPS. It has internal modular design, which allows it to be easily tailored to almost any customer requirement, while delivering stable, regulated and protected output voltage for the load. Several UPS units can be connected in parallel to support higher loads (up to 6 units for 7.5kW/9kVA total), or in 3 ...

[Enercon Group \(Pty\) Ltd](#)

Enercon Group is an Electrical-Mechanical Engineering Contracting and Consulting Company. Our range of services includes: Electrical Engineering Electrical Reticulation of Buildings, Design and installation of low voltage distribution boards for three phase power requirements, lighting systems, power factor correction units and cable networks

[Enercon Impact](#)

Enercon Impact is a Ghanaian-owned business that offers sustainable lighting and energy saving solutions to corporates and individuals. Experts in LED lighting for commercial, residential, and industrial buildings, Enercon

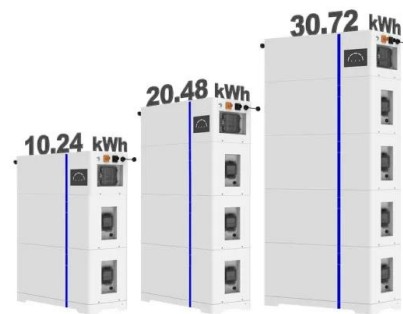

Impact represents the 36-year-old Irish brand, LED GROUP ROBUS, known for their high-grade LED products and unrivalled customer service in Ghana.

M7019 Series DC-DC Power Supplies

The M7019 DC to DC power supply is a Single Output, high density, highly efficient military grade rugged DC to DC converter capable of delivering up to 100W output power. Features include; High efficiency, low noise, internal EMI filters and can support parallel operation for higher power applications. The DC input range is 18V - 48VDC.

M4094 Series VITA 62 VPX SOLUTIONS

The M4094 is a 3U form factor VPX DC-DC power supply that converts power from the MIL-STD-704 270Vdc bus to deliver the 12Vdc and 3.3VAUX supplies required by SOSA(TM)-aligned systems. Up to 800W output power and EMI filters included. Using the new VITA 62.2 connector system, the proper clearances are provided to avert creepage issues and corona at high ...

M9547 Series 16 Channel PDU

M9547 series is a 16-channel power distribution unit, designed for airborne and ground applications. It distributes 28VDC through

overload and short-circuit protected switches. The M9547 series supports Ethernet communication to control, configure and ...

MILTECH 320G3UVPX Military 32 x 10G Ports 3U VPX Ethernet

The MILTECH 320G3UVPX is a 3U VPX Ethernet Switch with fully implemented IPMI management complies with the new VITA 46.11 Tier II. This VPX networking module Ports Slot Profiles per SOSA: 1) SLT3SWH2F24U14.4.3 24 x 10GKR + 2 x 40GKR 2) SLT3SWH6F1U7U14.4.14 SLT3SWH6F7U13.4.15 6 x 40GKR + 7/8 x 10GKR Supporting ...

M3169 Series AC-DC Power Supplies Single Phase

The M3169 is a military AC to DC power supply. This rugged converter accepts an AC input range from 85 to 265VAC, 50/60/400Hz. It provides a single DC output from 3.3V to 300V, up to 1000W with custom outputs available. The M3169 is based on the popular M169 AC to DC Power Supply for airborne, UAVs and ground mobile applications. Designed as an IP67 unit (to withstand ...
