At Sunshine State Solar, we can offer your family residential solar panels and a range of residential solar services. Whether you need a brand-new solar system or an upgrade to your existing system, we promise to keep your family's needs front of mind throughout the design and installation process, as well as with each regular clean and service.

What services does Sunshine State solar offer?

Services. At Sunshine State Solar, we can offer your family residential solar panels and a range of residential solar services.

Is Shine solar a good company?

Highly recommended to anyone wishing to have solar installed We highly recommend Shine Solar. The installation was smooth and prompt and David also explained the solar process very clearly and gave us very helpful advice. Ray and Gwen Young Very rarely have I had an experience with a company where I felt the desire to leave a positive review.

Do you recommend Shine solar?

We would highly recommend Shine Solar for all your solar needs.Both David and Chad are very professional and explain everything Both were very easy to work with and a pleasure having them in our home. Going Solar is a simple decision, however there are lots of complex things to understand and decisions to be made.

What's a good experience with Sunshine State solar?

Installation was a breeze boys very friendly all neat and tidy. Highly recommend. Great communication from start to finish, panels and system were setup with no fuss and on a day that suited me, and post setup connections easier than I thought. Overall a great experience and would recommend Sunshine State Solar to anyone considering a solar system.
