Tough++ Series

The SUNBEAMsystem Tough++ 126W Flush with its incredible 25.2% efficiency is simply the best solar panel available. Put it in relation, it will often produce twice as much per area as the most common solar panels you find on a house roof. Tough++ is the state-of-the-art marine solar panel, the newest and most powerful technology currently available.

System

The installation of a solar energy system starts with the 'vertical transport'. With Sunbeam Supra en Sunbeam Nova you have an immediate advantage: the compact stacking of the materials means that the number of lifting movements is limited and therefore goes smoothly. And when you're finished, you don't have much packaging waste that to dispose of.
