Suntech s photovoltaic panel ranking

Overview

Is Suntech a bankable PV brand?

Suntech is the seventh most bankable PV brand worldwide in 2019, with its ranking having climbed 11 places since the 2018 report. Suntech is in the list of Top 15 BloombergNEF's PV module bankability results and ranks Tier 1 by BNEF in the long term.

Is Suntech a good brand?

In addition to its top 10 ranking in 2019, Suntech is now the world's sixth most bankable PV module brand of all time. The brand was also listed in Bloomberg's latest Tier 1 Solar Panel List. "Since launching 19 years ago, Suntech has striven to deliver high-quality, reliable and cost-effective PV products.

Are Suntech Solar panels a good choice?

Suntech Solar Panels was listed as a top performer for 5 performance tests (thermal cycling, damp heat, mechanical stress sequence, PID, LID+LETID) in the latest report for their mono-facial double glass residential solar panel (STPXXS-C54/Nshkm+). This was their only residentially-sized model that performed this highly.

Is Suntech a Tier 1 solar photovoltaics producer?

Bloomberg New Energy Finance (BNEF) has ranked Suntech as a Tier 1 solar photovoltaics (PV) producer and several United Nations divisions have lauded the manufacturer for its noteworthy contributions to environmental conservation.

Is Suntech a reliable PV module?

BNEF's report also features results from the 2019 PV Module Reliability Scorecard issued by DNV GL, the global authoritative certification body for the renewables industry. For the second consecutive year, Suntech was listed as "

Top Performer” due to its high efficiency and product reliability.

Who makes Suntech Solar panels?

Suntech, founded in 2001, is a solar panel manufacturer based in San Francisco. On this page, you can find a complete list of solar panels from Suntech and compare models side-by-side. Quick facts about Suntech solar panels in the EnergySage Buyer’s Guide: Are Suntech solar panels best for you?
