Our Story

TDPS was founded in April 1999 using technology acquired from Toyo Denki in Japan. In just two decades, we have successfully achieved our initial vision: to produce world-class generators and supply machines across the globe. Our unwavering commitment to customer satisfaction has allowed us to sustain our position as an international market leader.

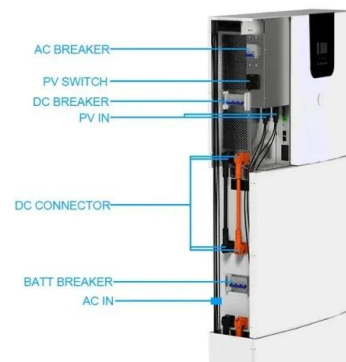

Generators

Hydroelectric power is one of the most environmentally-friendly and sustainable forms of power generation. TDPS engineers unique performance requirements depending on the type of hydro turbine, grid, and powerhouse condition. Our current line of machines meets the requirements suitable for coupling with Pelton, Francis and Kaplan turbines.
