Thule Energy Storage's behind-the-meter Ice Bear batteries offer utilities a proven way to permanently eliminate up to 95% of peak cooling load. Since 2005, over 40 utilities have been using our award-winning Ice Bears to manage their customers' AC load without impacting comfort. 17800 Newhope St, Fountain Valley, CA 92708. Brookhurst

5 reasons why thermal storage may finally be set to take off "Thule Energy Storage has installed 1,500 thermal-storage units in part by partnering with several different utilities on demand management. Many of those are located in California, where air-conditioning needs during heat waves have nearly broken the grid many times over in recent years.
