## Overview

---

Is solar energy a good source of energy in Cambodia?

Solar energy in Cambodia is the country's second most promising clean energy source behind hydropower. Hydropower remains Cambodia's most developed renewable energy source but also has its own challenges – such as yearly variability due to droughts and floods.

Will Cambodia increase its solar energy investment by 12%?

Rattanak said during a forum on energy in Phnom Penh in July organized by the American Chamber of Commerce. The Cambodian government has said it will increase its investments in solar energy by 12% by year-end 2020 and by 20% over the next three years, up from less than 1% at present.

Can solar power help Cambodia achieve national electrification goals?

Searching for alternative options, Cambodia joins a growing list of national governments who have come around to seeing solar and other distributed, emissions-free renewable energy resources as a cost-effective means of achieving national electrification, as well as national and international climate change and renewable energy, goals.

How many solar power plants are there in Cambodia?

Just two solar power plants are up and running in Cambodia at present, one a 10-MW plant developed by Singapore's Sunseap and another, 60-MW facility in Kampong Speu. Cambodia consumed a total of 2,650 megawatts of electricity in 2018, an increase of about 15% compared to 2017, according to the Ministry of Mines and Energy.

What is EcoSun (Cambodia)?

EcoSun (Cambodia) Co.Ltd. has been dedicated to supporting Cambodian households since 2008 by reducing their daily energy consumption and distributing a large range of solar products. From small appliances to large

solar and hybrid systems, EcoSun brings solutions where grid power is inaccessible, unavailable, or unstable.

Will Cambodia build a 100 mw National Solar Park?

Cambodia's recent solar power tender is the first of a two-phase auction process that falls under development of a plan to build a 100-MW National Solar Park in Kampong Chhnang province.
