Turkmenistan anhui fuyang southern wind solar storage

Overview

Where is Anhui Fuyang solar power station located?

A view of Anhui Fuyang Southern Wind-solar-storage Base floating photovoltaic power station in Fuyang City, east China's Anhui Province. /CMG

What is China's largest floating PV power station?

China's largest floating photovoltaic (PV) power station, Anhui Fuyang Southern Wind-solar-storage Base floating PV power station, achieved full capacity grid connection on Wednesday.

What is Fuyang base project?

The Fuyang Base Project is the first batch of national large-scale storage base projects in Anhui Province and the Yangtze River Delta region, integrating PV, wind power, energy storage, and subsidence area governance in an organic manner.

Where is China's new solar power station located?

Located in Fuyang City of east China's Anhui Province, the new PV power station is constructed in a flooded area once used for coal mining of 867 hectares, with an overall installed gross capacity of 650,000 KW. With 1.2 million PV modules, the solar farm boasts an area equivalent to the size of 1,300 standard football fields.
