Vestwoods battery Liechtenstein

Overview

What is the Vestwoods battery?

The Vestwoods battery is a lithium-ion battery developed by Vestwoods, which was the first to feature an intelligent Battery Management System (BMS). It is designed with a 20 year life span and includes cooling to ensure efficiency and high performance at a reasonable cost.

Are vestwoods lithium batteries safe?

Prevent from overcharged and over discharged, over current or short-circuit. [Lithium battery warranty] As the brand with the longest warranty on Amazon for lithium iron phosphate batteries, VESTWOODS lithium batteries made from 100% safe and nontoxic automotive grade lithium iron phosphate cells.

Anyone have this 100Ah Vestwoods battery?

I saw Will had a video where he looked at the Vestwoods 100Ah (mostly positive), but that one did not have Bluetooth, and I don't think is had low temp shutoff. This one apparently has both. I went ahead and ordered one since it was "only" \$319 after the Amazon \$30 off and seemed like a good price for those features in an off the shelf battery.
