Solar Energy FAQs

The size of your solar energy system will depend on how much electricity you consume on an annual basis and how much space is available to accommodate your PV array. The best thing to do is to get in touch with us so we can review your consumption, and recommend the best size solar system that will meet your needs.

Grid Tie Solar System

Welcome to the heart of Canada, the prairie skies and flat lands give Manitobans an abundant amount of sunshine, which should make us the the Solar capital of Canada. Vibes Energy has been apart of the solar industry in Manitoba, Saskatchewan and North-western Ontario since 2019 and our professionals have been working in the residential solar

St. Norbert Goes Solar with Vibes Energy

After the EV was checked off their list, Vibes Energy was lucky enough to receive the call to help them check off another bucket list item: a grid tie solar system. We began the process like we do with all of our customers, we requested their address, 1 year consumption report from Manitoba hydro and we confirmed that their load
