## Overview

---

Vyncke NV is a fourth generation Belgian global family business that originated in Flanders. It has over 350 employees in Belgium, Brazil, China, Czech Republic, Germany, Malaysia, Spain, and Thailand. The company was founded in 1912 by Louis Vyncke to design and build steam energy plants to burn biomass and waste into thermal energy and electrical power. The energy. Vyncke NV is a fourth generation Belgian global family business that originated in Flanders. It has over 350 employees in Belgium, Brazil, China, Czech Republic, Germany, Malaysia, Spain, and Thailand. The company was founded in 1912 by Louis Vyncke to design and build steam energy plants to burn biomass and waste into thermal energy and electrical power. The energy is delivered as a combination of steam, hot water, thermal oil, hot gas, or electricity, depending on the industrial process.

In 1912, Louis Vyncke settled as a in . He invested in a workshop, but in 1914 he had to serve the army during . In his absence, his wife Flavie was left with 2 children. In 1915, Vyncke's workshop burned down. After the war, Louis Vyncke acquired more skills and earnings as an employee in . By the 1920s, the In 1912, Louis Vyncke settled as a in . He invested in a workshop, but in 1914 he had to serve the army during . In his absence, his wife Flavie was left with 2 children. In 1915, Vyncke's workshop burned down. After the war, Louis Vyncke acquired more skills and earnings as an employee in . By the 1920s, the in Flanders was flourishing. There was a rising demand for to extract flax fibres with hot water. Louis Vyncke used his blacksmith skills to build riveted boilers in a new workshop at the Moorseele Kassei in Gullegem. Flax was readily available at the time and could easily be transported. The fibres were used in the and the leftover straw waste was burned in the boilers. After , flax waste became the raw material for production, which attracted new customers and industries. The company expanded rapidly and in 1956, sons Michel and René moved to a new office and factory in (current headquarters). Michel Vyncke expanded the boiler manufacturing business across and the . When Michel died in 1972, the youngest son Dirk Vyncke continued to lead the family company. The presented an opportunity for Dirk Vyncke to convert the company into a global player, to turn biomass and waste into green and clean energy. In 1992, the enterprise became an .

and his brother Dieter became co-CEO in 2002. The board of directors consists of Peter De Keyzer, Alexander Dewulf, Els Verbraecken, Johan Van Den Driessche, and Farhad Forbes. and his brother Dieter became co-CEO in 2002. The board of directors consists of Peter De Keyzer, Alexander Dewulf,

Els Verbraecken, Johan Van Den Driessche, and Farhad Forbes. Vyncke's activities range across three market segments: , , and . Its international business is distributed amongst Belgium (3%), Europe (45%), and outside EU (52%) with a strong presence in South America and Asia. Vyncke participates in several international : PetroBio, , Callens Vyncke, Trasmec, and Panel Alliance; all serving in the energy and the processing industry. In 2016, Vyncke was awarded the Enterprise of the year title by the consultancy firm EY in collaboration with the business newspaper De Tijd and the bank BNP Paribas Fortis.

Who is Vyncke NV?

Vyncke NV is a fourth generation Belgian global family business that originated in Flanders. It has over 350 employees in Belgium, Brazil, China, Czech Republic, Germany, Malaysia, Spain, and Thailand.

Where is Vyncke based?

Vyncke's activities range across three market segments: food and agriculture, wood, and recovered fuels. Its international business is distributed amongst Belgium (3%), Europe (45%), and outside EU (52%) with a strong presence in South America and Asia.

Who is Dirk Vyncke?

The 1973 oil crisis presented an opportunity for Dirk Vyncke to convert the company into a global player, to turn biomass and waste into green and clean energy. In 1992, the enterprise became an NV. Peter Vyncke and his brother Dieter became co-CEO in 2002.

How many joint ventures does Vyncke have?

The family also participates in four joint ventures, namely PETROBIO AB in Sweden (75%), CALLENS VYNCKE in Flanders (50%), TRASMEC SRL in Italy (10%), and FORBES VYNCKE PVT LTB in India (50%). The holding company also includes the real estate arm of the business, Vinkenest NV.

What makes Vyncke a good company?

VYNCKE is the type of company that you have to see for yourself. You have to experience the work environment, meet the friendly people, and witness the

passion for innovation firsthand. It will give you a true sense of what it's like to work here. Although there is one thing that you can't see at our territory: our on-site installations.

Who is the new CEO of Vyncke?

Stefaan LAUWERS, COO of the enterprise since 2017, takes over the day-to-day management and becomes CEO. He has already been heading up the company de facto together with the management for some time. Stefaan is followed by Kenny MASSCHELEIN, who has been in charge for a number of operational divisions in his 18 years with Vyncke.
