Can a Solar Generator Power a House? [Expert Answer]

If you buy a solar generator that doesn't produce enough energy, it may become a wasted investment and could even put you in danger in an emergency. You should also consider how much energy your solar generator needs to supply. If you suffer from frequent power outages, you may want to invest in a powerful generator to keep everything in your

[Solar Generator](#)

Depending on the brand and the quality of the battery, you can expect a solar generator to last years. For example, the EcoFlow DELTA Pro uses a state-of-the-art LFP battery, which will last for 6500 cycles before reaching 50% of its original capacity. A battery management system helps prolong the device's lifespan for a lasting, cost-effective
