The French Southern and Antarctic Territories, little-known territories ...

The territories (excluding Antarctica) are managed by the French Southern Territories Reserve, which, as here, monitors the nesting of seabirds. Image : Camille Lin This status is all the more special because the TAAFs are governed by the principle of legislative speciality, meaning that French laws do not apply there unless an exception is made.

French Southern Territories , Powertec Information Portal

French Southern Territories, comprising of several islands in the Indian Ocean, are isolated

with a harsh climate, making technology and telecommunications development challenging. The territories have no indigenous population, with only temporary French military personnel, scientists, officials and support staff residing. The main regions include Kerguelen Islands, St. ...

Blue Spark's high-pulsed power wireline solution for wellbore

Abandoning the traditional use of power in well bore solutions, Blue Spark's solution reduces the amount of time energy is utilised in, thus increasing its output. As energy is further divided among smaller increments of time, power outputs become significantly larger. The wireline solution utilises approximately 1 kilojoule of energy
