Yunicos ag Chad

Overview

Yunicos was a German-American technology company that developed and sold systems and control software. The company integrated battery technologies, power electronics and control software to create systems that respond to the requirements of power networks of all sizes, including .

What did Yunicos do?

Yunicos was a German-American technology company that developed and sold energy storage systems and control software. The company integrated battery technologies, power electronics and control software to create systems that respond to the energy management requirements of power networks of all sizes, including micro-grids.

What happened to Yunicos?

In July 2017, Yunicos was acquired by Aggreko and is now a wholly owned subsidiary of the Scottish company. In October 2018, Aggreko completed the integration of Yunicos into its newly formed Microgrid and Storage Solutions business unit. The name "Yunicos" is no longer in use. Y.Cube.

What is a Yunicos battery based energy storage system?

Centrica (UK) Yunicos has been selected by Centrica to design and deliver one of the world's largest battery-based energy storage systems. To be completed by winter 2018, the 49 megawatt (MW) lithium-ion system will respond to fluctuations in electrical demand in less than a second, to maintain electric power frequency and stability.

What can Aggreko do for Yunicos?

Based on Aggreko's proven delivery and service capability for distributed power generation assets, we can size and model hybrid systems to achieve the lowest cost of energy for customers around the world. PLEASE NOTE: This is the LEGACY page of Yunicos, now part of Aggreko, the global leader in temporary power, heating and cooling.

How many employees does Yunicos have?

Younicos had two primary facilities: Younicos AG in Berlin, Germany, and Younicos Inc. in Austin, Texas. It employed a total of about 130 people as of 2017. The company was founded in Berlin, Germany, in 2005 under the name Solon Laboratories by executives of German solar manufacturer Solon.

Aggreko to take over batteries maker Younicos

Yunicos, which has units in Germany and the US, offers modular and scalable smart energy solutions integrating battery storage. Aggreko noted that Younicos's integration and control systems could be deployed across the firm's existing business to lower the cost of energy, ensure reliability and cut carbon dioxide (CO2) emissions.

[Yunicos bought out for US\\$50 million](#)

Energy storage provider and system integrator Younicos has been bought out by Aggreko, a power generation equipment and energy controls supplier. Younicos, widely considered one of the 'pioneers' of advanced battery energy storage, with head offices in Germany and in the US, has executed some 40 projects to date across four continents

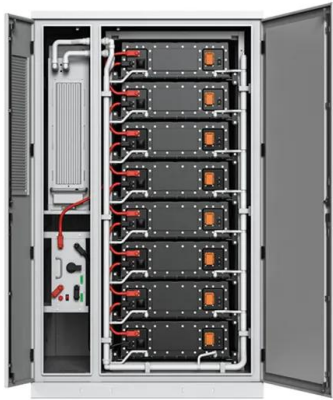

Microgrid

2017 wurde Younicos Teil des Teams Aggreko, zunächst als hundertprozentige Tochtergesellschaft, dann als integraler Bestandteil unseres Unternehmens. Die Akquisition hat Experten zusammengeführt, die genau wissen, wie man alle Arten von Energie nahtlos integriert und verwaltet, einschließlich thermischer und erneuerbarer Energien und
